

FREQUENTLY ASKED QUESTIONS

PORTRAITS

Portrait sessions will be on-location at a spot of your choice utilizing the elemental beauty of natural light. I always have suggestions for locations as well. The best way to capture genuine expressions is to relax and enjoy yourself which is why I allot plenty of time for a session. Clothing changes are welcomed and depending on where and when your session takes place, the scenery may change as well.

MATERNITY

Maternity sessions are best captured in the 7th or 8th month of pregnancy. I suggest you wear tight fitting clothes to show off your adorable baby bump. Clothing changes are welcome.

ENGAGEMENTS & ELOPEMENTS

The Mount Washington Valley is a magical place for an elopement and has so many great places to say “I Do.” I would be happy to suggest locations as well as a Justice of the Peace to preside over your ceremony. I am available “by the hour” for as much or as little coverage as you want.
